

A Cold Red Sunrise (Inspector Porfiry Rostnikov)

One dead commissar... At an icebound naval weather station in far Siberia, the young daughter of an exiled dies under suspicious circumstances. The high-ranking Commissar sent to investigate the mystery suffers a similar fate: he is murdered by an icicle thrust into his skull. One live cop... Inspector Porfiry Rostnikov is dispatched to solve the Commissars murder, with one caveat: He is not to investigate the girls death. Even if all the clues tell him that the two cases are linked. One cold killer... In a single, fateful day, Rostnikov will hear two confessions, watch someone die, conspire against the government, and nearly meet his own death. All under the watchful eye of the KGB - and someone much closer and infinitely more terrifying.
