

Jackson Fairfield was excited to put the tortures of high school behind him. He had a job lined up for the summer with his best friend and college was right around the corner. Sometimes life has a funny way of taking your best-laid plans and turning them on their head. When Jackson started to see things, that was only the beginning. Thrust into a world of magic and nightmares, Jackson will struggle to learn his place within the Ascendancy. Instead of college, he will spend his days learning how to defend humanity from the monsters in the shadows. Werewolves and vampires are only the beginning. Will Jackson become one of the Ascendancy's chosen warriors and live up to his father's legacy, or will he turn his back on his destiny?
