After undergoing treatment for his bizarre sleeping disorder, Zara Zip McKees boyfriend Kieran Lanier is left with an unusual side effect: amnesia. While his memory loss is supposed to be temporary, both Kieran and Zip find that dealing with his new condition places an unbearable strain on their relationship. Fortunately for Zip, she has basketball season and college decisions to keep her busy as Kieran struggles to regain his memory. But when Zip's basketball season ends in a way she didn't anticipate, will she be able to face her future without knowing if Kieran will be by her side? Join Zip and Kieran in the final installment of the In Your Dreams series as they learn that while sometimes life leads you down paths you didn't anticipate, those paths may end somewhere beyond your wildest dreams.
