

In 1696, young Christopher Ellis is sent to the Tower of London, but not as a prisoner. Though Ellis is notoriously hotheaded and was caught fighting an illegal duel, he arrives at the Tower as assistant to the renowned scientist Sir Isaac Newton. Newton has accepted an appointment from the King of England and Parliament to investigate and prosecute counterfeiters whose false coins threaten to bring down the shaky, war-weakened economy. Ellis may lack Newton's scholarly mind, but he is quick with a pistol and proves himself to be an invaluable sidekick and devoted apprentice to Newton. While Newton and Ellis investigate a counterfeiting ring, they come upon a mysterious coded message on the body of a man killed in the Lion Tower. Despite Newton's formidable intellect, he is unable to decipher the cryptic message or any of the others he and Ellis find as the body count increases within the Tower complex. As they are drawn into a wild pursuit of the counterfeiters that takes them from the madhouse of Bedlam to the squalid confines of Newgate prison and back to the Tower itself, Newton and Ellis discover that the counterfeiting is only a small part of a larger, more dangerous plot, one that threatens much more than the collapse of the economy.

I swore not to tell this story while Newton was still alive. 1696, young Christopher Ellis is sent to the Tower of London, but not as a prisoner. Though Ellis is I swore not to tell this story while Newton was still alive. 1696, young Christopher Ellis is sent to the Tower of London, but not as a prisoner. Though Ellis is Title: Dark Matter: The Private Life of Sir Isaac Newton Author(s): Philip Kerr ISBN: 0-609-60981-5 / 978-0-609-60981-1 (USA edition) Publisher: Crown Though Ellis is notoriously hotheaded and was caught fighting an illegal duel, he arrives at the Tower as assistant to the renowned scientist Sir Isaac Newton. The subtitle, The Private Life of Sir Isaac Newton, is indeed curious, as Newton spends most of his time alone pondering the ciphers. Subtitled The Private Life of Sir Isaac Newton, this is Kerr's first historical mystery, and a fine one it is too. Told in the voice of headstrong Christopher Ellis, we Holmes and Watson provide the template for this very satisfying historical thriller from Kerr (The Grid, etc.), with Sir Isaac Newton acting as great
