

Kaylen is a natural born hustler who's quick on her feet and fast with her mouthpiece. She always crosses her T's and dots her I's. She's hard on the outside and could spot bullshit from far. From a very young age she learned how to depend on nobody but herself. She's the type to smack all the senses out of you then tell you how much she loves you all in the same breath. Somewhere in the middle she lost her senses when she fell for Q. She allowed herself to get lost in his love. Q is a young hustler trying to make a name for his self in the game. He knew he wasn't faithful but at least he's trying. He knows at some point Kaylen will get tired of his doggish ways and attempt to find better. Since the day he laid eyes on Kaylen he knew that he was in love with her but he just couldn't do right by her. He messed up a few times but he's not going to give up easy. Sometimes we lose sight of what's important in life and important to us. We settle for anything that could fill that missing void. All you want is to love and be loved. That's what Kaylen did and she found herself lost in his love.
