

L'Imagination (French Edition)

Celebrated in pre-WWII France for her bestselling fiction, the Jewish Russian-born Nelly Sazoune was shipped to Auschwitz in the summer of 1942, months after this long-lost masterwork was composed. Nelly Sazoune, a convert to Catholicism, began a planned five-novel cycle as Nazi forces overran northern France in 1940. This gripping suite, collecting the first two unpolished but wondrously literary sections of a work cut short, have surfaced more than six decades after her death. The first, *Storm in June*, chronicles the connecting lives of a disparate clutch of Parisians, among them a snobbish author, a venal banker, a noble priest shepherding churlish orphans, a foppish aesthete and a loving lower-class couple, all fleeing city comforts for the chaotic countryside, mere hours ahead of the advancing Germans. The second, *Dolce*, set in 1941 in a farming village under German occupation, tells how peasant farmers, their pretty daughters and petit bourgeois collaborationists coexisted with their Nazi rulers. In a workbook entry penned just weeks before her arrest, Nelly Sazoune noted that her goal was to describe daily life, the emotional life and especially the comedy it provides. This heroic work does just that, by focusing with compassion and clarity on individual human dramas
