

Phoenix: A Tale Of The Future

First published in the 1960s, Phoenix remains relevant today. Civilization has gone underground after several nuclear wars. Masato, a resident of the underground capital of Tokyo, is discovered owning an outlawed alien animal with hallucinogenic properties. Fleeing for his life, he learns the secret of the Phoenix as the world veers toward Armageddon.

Animation past to the far future, men seek to capture the Phoenix, the source of eternal life. Its a cleverly told tale and is generally close to the manga. Festival of Tales Registration Form.
