

Authors Note: Saving Eve is the story of what happened to Lucifer after The Last Dragon (The Witching Pen series) - the only character who had a loose thread in that series. If you haven't read The Witching Pen series, stop now and read no further. Read that first. I tried really hard (too hard, actually) to make this book readable for all, but just as with The Last Dragon (for which I had the same intention), I failed. Lucifer's personality, hinted at story, and the creation myth set up in that series proved to be too complex to explain all over again, in this book's context, without losing some of the intensity of this story and making things more complicated than they needed to be. So, the end result is that Saving Eve - even though not directly part of the arc of The Witching Pen series - is truly one for Witching Pen fans, and in particular, for those who had a soft spot for Lucifer, the first angel to fall. It begins at the point we left Lucifer in The Last Dragon... Amid long, wild grass, a snake slithers, hidden. Hidden until a man opens his eyes... Awakening with amnesia in St Marys Hospital, after a near-fatal freak accident, he is known only as Luc. With the help of Evie Gold, the kind, young woman who found him, he starts a new life - a second chance, a clean slate. A bond burgeons between them. But disturbing dreams of dark deeds become waking recountings. A blackness is uncoiling - seductive, familiar and dangerously provocative. An ancient craving stirs; an old addiction rises. Nothing is as it seems, and as reality crumbles, Luc finds himself asking, not just who he is, but... Who is Evie? From the author of the international bestselling Witching Pen series, Dianna Hardy takes a seed from The Last Dragon, and brings you an existential story of two beings in search of completion. Genre: Paranormal / Surrealism / Creation Myth
