Il fut un temps où cette ville était au centre du monde. Un temps où sa puissance se nourrissait du sang et du fer. Mais aujourd'hui elle n'est plus que rouille et elle attend la ruine. C'est un territoire parfait pour Willie Flambeaux et Randi Wade. Lui est agent de recouvrement, elle, détective. Mais lorsqu'une série de meurtres particulièrement atroces ensanglante cette ville qu'ils croyaient si bien connaître, ce n'est plus dans le labyrinthe des rues qu'ils auront à mener l'enquête, mais dans les recoins les plus sombres de leurs propres passes. Là où se cachent leurs plus grandes peurs. Auteur du Trône de Fer, George R. R. Martin signe avec *Skin Trade* un roman policier dans lequel se mêlent flics, fantastique et loups garous. Un suspens haletant et grandiose, qui a reçu le World Fantasy Award. Et pour aller plus loin, ce livre contient un dossier sur l'auteur.
