

Trail Of The Hunter (LIN) (Linford Western Library)

Clay Darringer finds trouble when he comes across a beautiful, dazed young woman wandering in the desert. Katherine Turner is the sole survivor of an outlaw attack, and once the killers find out she is still alive, her life won't be worth a plugged nickel. Less than an hour after Clay and Katherine reach town, Clay finds himself in the middle of a gunfight and realizes he cannot leave Katherine unprotected - her valuable ranch land is about to trigger an all-out war!
