

The crew has taken a hit. Top members sit in jail and it is up to Slim and someone who used to be their rival, Mari, to set them free. She has fallen for Slim and to prove her worth to him, and the crew, she puts her money and word on the line to help free the men. The Haitians are down and out with two brothers pitted against each other. Pierre is making his move to separate himself from his mother who he feels is the cause of them losing power and money. He also is planning to kill his brother, Jean Paul, before the unstable sibling kills him. Then there is the new blood on the block. Freshly released ten years early from prison, Sonny is ready to make his mark in the game. His early release was made possible by a Giordano. One of the members of the mob who wants Slim dead for vendettas of the past. Sonny agrees to kill Slim for the Italians, but once on the bricks he says "Slim hasn't done nothing to me, the hell with them Italians." But as he gets his old crew together will the game end up pitting him against Slim's crew anyway? The epic saga continues.
