

Escape the Night

#1 New York Times bestselling author Richard North Patterson delivers a riveting novel of suspense and a powerful family's secrets. Peter Carey was born into privilege during the McCarthy era, when the paranoia of Washington infected his parents' house and seeped into Peter's bones. His father was so obsessed with the family publishing business that he never had time for his son. Even as a teenager, Peter barely knew his father, and one dark night, an accident on a lonely road ensured he never would. Peter's memories of that horrific night have been erased by amnesia, but decades later he is still tortured by nightmares. When a strange conspiracy threatens to steal his company and take his life, he will have to remember ... and find the key to survival that is locked in his own mind.
